

Join In the Fun! Become a Member of Linden Hills Power & Light!

We believe environmental responsibility begins at home, so we're making changes at the neighborhood level. So far we've started the city's first curbside recycling of organic waste. We're improving the energy efficiency of over 100 homes in the neighborhood with Community Energy Services, and we've helped introduce organics recycling to 5 schools in the neighborhood. We want to implement more improvement projects and we need your help make that happen - because saving the environment begins at home!

Benefits include special member-only events, free admission to our speaker series (see below), neighborhood pride and a warm feeling inside.

Levels:

- \$25 - Friend (individual)
- \$40 - Family Friend (Family)
- \$100 - \$500 -BFF (Best Friend Forever)
- \$100 - Corporate
- \$1000+ - Lifetime Golden Buddy Club (lifetime membership). What a relief to throw out those annual dues reminders! Surely it's worth it!
